Dear Mr. Weisberg:

I'm mailing separately the tapes of your appearances on the Alan Burke & Long John Nebel shows as you requested in your letter of 8-2-66. This is somewhat belated, but the project involved borrowing Sylvia Meagher's recorder; at the same time my unit had intolerable breakdowns.

I must congratulate you on your delivery in both your book and your broadcasts — you alone come across with the sense of honest outrage that this whole shabby affair calls for. As you are probably aware, it doesn't sit well with many people. I have had harsh words with two different friends who felt that you were too overbearing, etc. I reply that the punishment fits the crime.

I'm also enclosing my check for $4.95 for "Whitewash II", which I understand is now available.

Sincerely,
Wm Crehan
